Volkswagen

Quality minded. Value driven.

When it comes to car shopping, confidence is a powerful commodity. And through the Volkswagen Certified Pre-Owned program, we aim to instill that confidence from first sight to test-drive to time of purchase and beyond. Because when you drive off in a Certified Pre-Owned model, you're not just behind the wheel of a vehicle you can't wait to show off—you'll also have the reassurance you can only get when trusted quality and exceptional value come together to bring you something truly outstanding.

2-Year or 24,000-Mile Bumper-to-Bumper Limited Warranty (whichever occurs first)¹

You've got a lot of road to travel, and we want to help keep you feeling confident from one mile to the next. This is why every Certified Pre-Owned VW is covered by a 2-year, 24,000-mile (whichever comes first) Bumper-to-Bumper Limited Warranty. That way, you can focus more on what's in front of you—the open road and a world of possibilities.

¹Repairs under this limited warranty will be performed at no additional charge after a deductible of \$50 per dealer visit. See owner's literature or dealer for warranty exclusions and limitations.

100+ Point Dealer Inspection

"Volkswagen Certified Pre-Owned" is more than a title—it's a process. Because in order to be certified, every vehicle in the program must pass a meticulous 100+ point inspection to help ensure its quality and performance. And should a car not perform according to our strict standards, we won't certify it until we can correct the issues—using Genuine Volkswagen Parts, of course.
